City Calls For 3 Bids

The City Council Tuesday called for bids on a new city road grader, gravel truck and front-end loader in a move to replace older equipment now in use.

The call followed discussion of

OL' 100 With F. M. L.

This autumn weather really makes me feel gay and sophisticated and sleepy.

I went home one night this week checked to see if the cat, wife and child were occupied or out and then stretched out for a nap. It lasted almost 12 hours.

That would be the 'who cares?' category of experience except I note at times a similar lethargy among the populace.

About the only thing that awakes you, sometimes, is the old fall football urge to go gouge and kneel your way through a mob to see your favorite college team.

100 — 100 — 100

Fighting off the sleep - provoking fall temperatures one recent weekend, we saw two football games in one day, a rather absurd thing to do, believe me.

We roared off to Dallas to see Oklahoma and Texas tangle, stopping in Waco that morning to pick up tickets for the Baylor - Arkansas game. After seeing Texas mash the Big Red, we sped back to Waco that evening to see Baylor fall before the Razorbacks.

100 — 100 — 100

Maybe that is why I was sleepy this week. Medical authorities say, though, that you cannot catch up on sleep that was missed.

In our case, I believe we just slept cause the moon was right, the temperature was chill outside and there wasn't much else to do, at the moment. (That's not what Mrs. Luecke says.)

100 — 100 — 100

The whole thing goes to show you very little indeed, except what we sometimes call fatigue is sleepiness and sleepiness could more correctly be defined with L-A-Z in front of the I-N-E-S-S.

Presbytery Holds Third Meeting

The Central Texas Presbytery held its Third Annual Meeting at the First Presbyterian Church, Wednesday, October 21, in Waco. The meeting was under the direction of the Presbyterial President, Mrs. Frank Taylor of Mexia. The theme of the meeting was "Understanding The Bible".

Rules, Date Set...

Cameron Plans Pecan Show

The horticultural sub-committee of the County Extension committee Monday night at the Cameron Chamber planned for a County Pecan Show in Cameron, December 3.

The following regulations, classes and premiums were agreed upon:

- 1) Entries will be accepted from pecan growers in Milam and adjoining counties.
- 2) All pecans entered in the show must have been grown in 1959 by the exhibitor.
- 3) All entries must be entered by 9 a. m. Dec. 3. However, they may be sent or left at the county agent's office, Chamber of Commerce office in Cameron or Rockdale prior to this date.
- 4) Growers are limited to one entry of each improved or paper-shell variety. (Example) John Jones may enter one of Burketts, one of Mahans, one of Western Schley, one of Stuarts, etc.

final work on a second garbage truck which was purchased from the City of Bryan and reconditioned for use here.

Anticipated cost of new equipment will be about \$24,000.

Mayor Bassel Wilson read off major repairs on the truck totaling \$599.41, bringing total cost of the equipment to about \$1,600. The city had budgeted \$8,000 for the purchase of a new truck following plans to double garbage pickup and start trash pickup in residential Cameron.

Councilmen also voted to purchase six new tires costing \$319 for the truck.

Two-Way Bids

Bids will require prices for the equipment with and without trade-in, Wilson said, in the event that better cash prices can be obtained from buyers other than new equipment dealers taking the old equipment on trade.

Public Works Supt. J. B. Earle said the new equipment would replace present machinery that has been in use about six years. In case of the front-end loader, he said it was not now adequate to handle the heavier street work being done by the city.

Councilmen also discussed some complaints concerning care being given gravesites in the city cemetery. Earle and Councilman Roy Griffith have talked with the caretaker about the area.

Wilson also noted a petition signed by 40 Negroes in northwest Cameron seeking sewer service. The request was referred to Water Supt. Alvin Heffl for study.

Visit Lawrence

Councilmen noted a visit to Hayden Lawrence, recently returned from a stay in McCloskey Hospital, Temple, October 3. The council that day voted Lawrence honorary mayor for the day.

In other action, City Sec. John Andres read the minutes of the last regular council meeting which listed: that Gene Kirk, Cameron, has been employed to serve as night radio dispatcher for \$100 a month; and that Earle has worked out a list of cost factors for various widths of street paving for computation of cost to city and taxpayers.

In final action Tuesday afternoon, the city paid bills for dump yard grading work, \$755, concrete work, \$147; and work at the Gulf Station on US 77, \$75.

St. Anthony To Hold Carnival

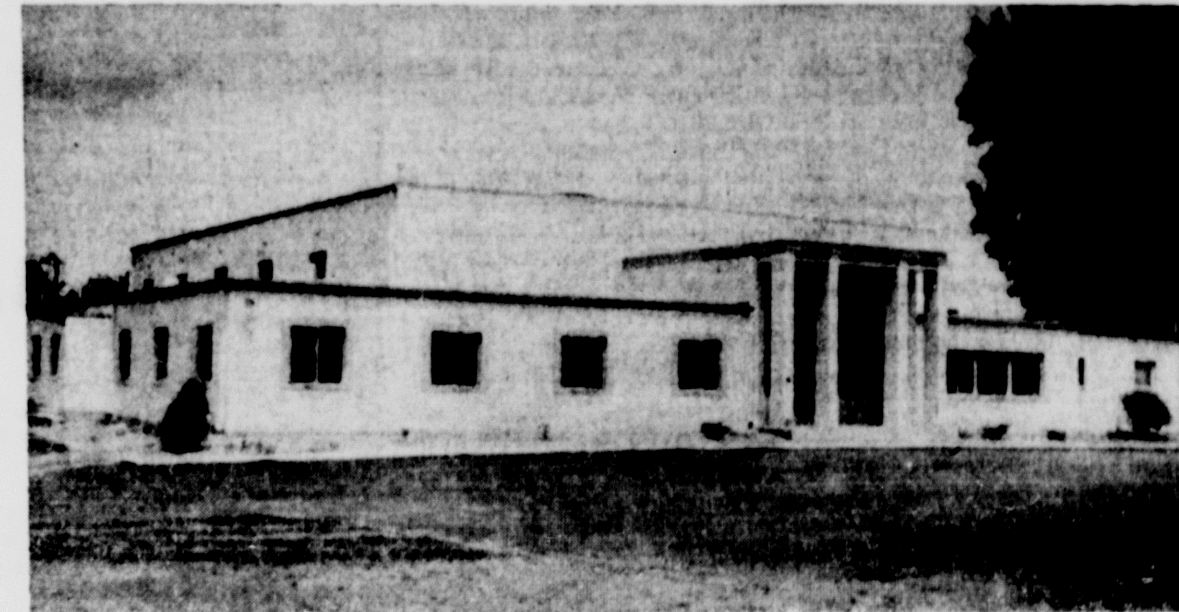

October 28, 1959 is the date for the St. Anthony School carnival to be held at Simon George Hall in Cameron, beginning at 6:30 p. m. An animal stand has been added to the annual affair. The animals made by the mothers will be given away to the lucky winners.

The proceeds from this carnival will be used for books and supplies for the St. Anthony School.

Honors Herald

The Central Texas Soil Conservation District this week named The Cameron Herald as the outstanding weekly newspaper in soil conservation work.

Announced in Temple, the news recognized The Herald and Richard Ellison, Rt. 2, Cameron, for soil conservation editorial assistance and wildlife conservation work respectively.

A CROWD OF ONLOOKERS is expected to gather in Cameron National Guard Armory (above) for dedication services highlighted by an address from Sen. Lyndon B. Johnson. The armory seats

about 1,000, but its \$110,000 facilities are expected to be taxed by Milam Countians interested in seeing the Democratic presidential hopeful.

Big Armory Sendoff...

Senator, Generals To Attend

U. S. Senator Lyndon B. Johnson will be one of the speakers and will join a host of civilian and military dignitaries Wednesday in dedicating the new National Guard Armory in Cameron.

Besides Sen. Johnson, others in the group will be county and city officials and business leaders and high-ranking Regular Army and National Guard officers.

Invitations are being sent to Lt. Gen. Edward T. Williams, Fourth Army Commanding General, San Antonio; Maj. Gen. K. L. Berry, Adjutant General of Texas; Maj.

Gen. Carl L. Phinney, 36th Infantry Division; Brig. Gen. John L. Thompson, 49th Armored Division; Brig. Gen. Harley B. West, Asst. Co. Col. Joan F. B. Lyons, CCA Co. and the Fort Hood commanding general.

Also to Lt. Col. Olin F. Brewster and other staff officers of the Third Medium Tank Battalion, Temple.

Peace Unable to Attend

Rep. Bob R. Poage of Waco was invited, but will be unable to attend because of previous commitments.

Sen. Johnson's address was assured when late last week he accepted an invitation to attend from the Cameron Chamber of Commerce by its president, Milton Schiller.

Plans for the program to begin at 10 a. m., include a concert and the National Anthem by the Yoe High School Band and invocation by Chaplain Benard C. Goertz.

Master of ceremonies will be E. A. Perrin, past president of the Chamber of Commerce.

The welcome address will be by Milton J. Schiller, and introduction of distinguished guests by Lt. Col. Olin F. Brewster. Expression of appreciation by Capt. James T. Terry will follow. County Judge Don C. Hensley will introduce Sen. Johnson, who will make the dedicatory address.

Following the benediction by the Rev. D. C. James, there will be an open house for the public and refreshments will be served.

Dedication Climax

The program will climax several weeks of planning by members of Cameron's Chamber of Commerce and the local Guard unit to dedicate the Armory building, completed in June.

Costing approximately \$110,000, the structure is of reinforced concrete tile and brick construction. It measures 168 feet in width and 116 feet in length.

Adjoining the new Armory is the vehicle storage building which was used until recently by Guardsmen of Company C as an Armory. This structure cost approximately \$45,000, when it was built in 1950. It now is used as a storage building for the Company's trucks, jeeps and tanks.

His party is to include aide Cliff Carter and two other associates, yet unidentified Mrs. Johnson will see JOHNSON - Page 12

Here's Weather Forecast

WEATHER FOR THE WEEK: The unseasonable regularity of low pressure disturbances and tropical storms in the Gulf of Mexico has tended to draw most of our recent cool fronts eastward and well out of the local area before they can generate much shower activity. However high pressure is being restored to the east Texas Gulf and moist southeast flow of warm air is insured for the San Gabriel - Brazos basin off the back - side of this high and when the cool fronts do come, during the first and middle of the forecast period, there will be enough contrast of temperature to create rain.

THURSDAY Increasing high clouds and rising humidity, patchy low clouds as far west as Temple - Hills-

boro line but dissipating rapidly in the mid morning. Scattered afternoon clouds and brisk south winds 18 - 22. High 82 - 86. Low 56 - 58.

FRIDAY Low morning clouds and occasional drizzle and fog. Lifting cloud cover and sunny afternoons. Scattered clouds and high humidity. Clearing at night. High 82 - 86. Low 54 - 56.

SATURDAY Strong southerly winds, low morning clouds and light showers, continued high humidity and no rain in the early afternoon followed by heavy showers and strong north-west winds 18 - 22. Gusts to 35 - 40 in the late evening. High 74 - 76. Low 46 - 48.

SUNDAY Low morning clouds and strong

Policy Speech Ahead?

By Frank M. Luecke

Presidential aspirant Lyndon B. Johnson, U. S. Senator from Texas, Wednesday will whirl through Cameron on an hour and five-minute stop to dedicate Cameron's new armory.

The dynamic Senate majority leader has told Texas aides his speech will be a major policy talk as well as including anticipated dedicatory remarks about the new structure.

Johnson has been boosted for president by Bonham's Sam Rayburn, speaker of the U. S. House of Representatives. The fiery House leader tossed Johnson's name into the presidential ring last week.

Attending the dedication 10 a. m. next Wednesday will be high-ranking Army and National Guard officers, state, county political leaders and a host of city business and political figures. (See accompanying story.)

Official Greeters

A contingent of Cameronites headed by Mayor Bassel Wilson, businessman Fred Blake and attorney Emory B. Camp will meet Johnson's private plane at 10:15 a. m. Wednesday at Cameron Airport. Behind a police escort, Johnson and a party of three will be rushed to the Guard Armory, S. Columbus Ave., where dedication ceremonies already will have begun.

Johnson's speech is scheduled to begin at 10:30 and last until 11 a. m. He will return to his plane and be airborne by 11:20 a. m. to make a noon speaking engagement at Bryan.

A crowd of perhaps two thousand people is expected to attend the armory dedication to hear Texas' presidential candidate. The armory will seat about 1,000 people.

Though a candidate by Rayburn's announcement, Sen. Johnson has not yet formally announced his own candidacy.

A movement is now underway to form "Johnson For President" clubs in all 254 Texas counties.

Informed sources say the senator's Cameron speech will be released simultaneously from Washington and New York. It could mean a significant political statement.

4-Stop Day

Johnson's schedule that day is a busy one. He will fly to Cameron from Austin, stay here a little over an hour, and continue his journey to Bryan, Gladewater and Sulphur Springs, that night.

His party is to include aide Cliff Carter and two other associates, yet unidentified Mrs. Johnson will see JOHNSON - Page 12

Scholarship Tests Start In County

Scholarships were in the news today as 38 Yoe High School seniors took tests in the National Merit Scholarship competition while Alcoa announced plans for the 1960 Alcoa Foundation scholarship.

YHS Principal J. R. Young said the test gives a criterion for comparing students of Yoe High School with seniors of high schools in 50 states and determines winners of thousands of scholarships to top scorers.

The Alcoa scholarship, which provides \$2500 financial assistance during four years of college study, will be awarded to a high school graduating son or daughter of a Rockdale Works Alcoa next spring.

Milam County School Supt. H. D. Maxwell will head a Selection Board which will meet with the students twice during the year to determine the winner.

Area school superintendents who are members of the Board include W. W. Loughmiller, Cameron; James Griffin, Milam; J. Kleinschmidt, Lexington; R. N. West, Thordale; and T. H. Johnson, Taylor.

Requests for the applications may be submitted to supervisors at the plant or to the Rockdale Works Public Relations Department.

Seniors with a high school average of C- plus or better or who are in the upper half of their class scholastically may apply if a parent has been an employee of Alcoa at Rockdale Works for five years as of January 1, 1960.

RAILROAD FEATHERBEDDING: \$500,000,000 LOSS TO THE NATION—INCLUDING YOU—EVERY YEAR

Featherbedding on the railroads — pay for work not done or not needed — is costing the American people the shocking total of more than \$500,000,000 a year.

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman—even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is a fair day's work for a fair day's pay.

The "hard luck team of '59" may well be what this year's football squad will be referred to some day.

With seven losses behind them, the Yoemen are now kneedeep in district play. With three games to go Cameron can hope to finish no better than second in the conference. To do this they must outtally their opponents in all of the maining games.

There's not much that can be done about a losing team except wait and hope. It's been said before that one year may have to be sacrificed for the success of next year's team.

This year's Yoemen consists mainly of inexperienced sophomores and juniors. These boys have been matching wits with the better teams in Central Texas like West, Belton, and Brenham.

Every team has its bad years and Cameron is like every other team: it must have one of those seasons someday even though they've been big winners in the past.

V O S

Each fan can do something. Just because a few games are lost some football towns go to pieces. They refuse to attend games which only makes matters worse. The only football talk is when a player, coach, or anybody connected with the team is being ridden into the ground.

We hope that Cameron doesn't

turn to this as a last resort. Stick with the team. Even if they are losing you still live in Cameron and it's up to you to support them. If you'd buy a ticket when they're winning, buy one when they're losing. It's an investment, you might say, for the future.

V O S

The B team dropped their contest to Belton last week 20 - 0. It was a hard won battle for the Tigers and both teams ended up with a number of injuries. Pat Dillon, quarterback, was knocked unconscious in the third quarter and may miss some action later this season.

Applications For Free Deer Hunts

AUSTIN. — Applications now are being received by the Game and Fish Commission for free deer hunts on five management areas in Texas. However, only two weeks remain before the 9 a. m. October 30 deadline for the entries. Requests for application blanks for the hunt should be sent immediately to the Commission office in Austin. Approximately 2,000 permits will be issued by the commission this year, but to be eligible for one of these permits your application must be in Austin in time for the public drawing following the deadline.

The areas to be hunted are the Kerr, Engeling, Angelina, Black Gap, and Sierra Diablo. All permits issued will be for 2 - day hunts except for the Angelina area where 1 - day permits will be issued.

A total 360 permits for a desired kill of 160 deer will be issued for the Kerr area; 150 permits for the Engeling area for 75 deer; 700 permits for 110 deer on the Angelina area; 400 permits for 160 deer on the Black Gap area; and 80 permits for 40 deer on the Sierra Diablo area.

Only persons 17 years or older will be permitted to hunt on these areas, according to the Director of Wildlife Restoration, Texas Game and Fish Commission. Applications can be filed on a party system, with not more than four persons in the party.

Cameron Placed In New District For 1960 - '61 Season

Football District 18AA, in which Cameron has been playing this year and last year, has been dissolved because Rosebud and Rogers dropped down to A classification while Belton moved up to AAA classification.

"We have just received notice from the University Interscholastic League that our new district will be composed of Camron, Rockdale, Hearne, Caldwell and A & M Consolidated," Supt. Wiley Loughmiller said.

"All contracts for non-district games have experience and we are in the process of completely re-aligning our schedule for 1960 and 1961," he continued.

An effort is being made to keep on the Cameron schedule towns with which this school has had a long and nice relationship. Many of the prospective teams have had similar changes, but a complete schedule has not yet been released.

Outdoors In Texas

Field Sports Create Industry

By Vern Sanford

Texas is indeed fortunate that the great outdoors has become so enticing to so many citizens throughout the length and breadth of the state.

Our weather is ideal for the outdoors man.

Our transportation, power and manpower facilities, available to manufacturers of outdoors equipment are excellent. Here again our long summers and short winters also play an important part in inducing such industries to locate in the state.

Unless you have tried to watch the development of these businesses, dedicated to the outdoors man, you just can't realize the magnitude of this relatively new industry in our state.

Take Giddings, for example. It is a town of around 3,000 population. Recently we learned that a new boat manufacturing firm had opened for business there. Inquiry revealed that the Invader Boat Co. had been formed last March and was employing 25 persons.

Just the other day we stopped in for a looksee. They have a very

nice plant, located about three minutes from downtown Giddings. It's no small layout either. In fact it is a truly modern factory and as clean as a kitchen.

At present the firm is geared for production of about 25 fiberglass boats a week. Now already being distributed are 14, 16 and 17 foot runabouts.

A widely known designer of boat hulls, Bill Raschke of Fort Worth, is the draftsman.

President of the firm is Walter Helweg of Danville. Business manager is Don Thrash from Ft. Worth. Shop foreman is Merle Joy, also of Fort Worth.

Interested in knowing something about the outboards these fellows are building?

Then read on - for we certainly were - and we were quite impressed with their snappy appearance and gay colors.

Invader "Forty" is their smallest runabout. It's a rakish 14-foot streamliner, with chrome ornamented fins and sculptured foredeck rated for motors up to 40 h. p.

Invader "Eighty" is a sixteen foot craft heavy enough to take an 80

h. p. motor. It is equally at home in big waters or small lakes. It has a large open cockpit. An ultra modern matching fiberglass top is available.

Newest in the line is the Invader "One Hundred" - a 17-footer with a maximum horsepower of 100. It is built for offshore bay fishing and of course is equally at home on inland lakes.

Then - for the fisherman there's the Invader "Twenty" that's upcoming. This will be a 12-foot boat, two or three seater, with bait well.

Also on the drawing board is an 18-foot cruiser, which on paper looks like it is going to be the gem of the waters.

All the Invader boats have air-tank floatation and a self-bailing motor well. We really feel for the step-through, back - to - back front seats. They were foam rubber padded and covered with gaily colored plastic.

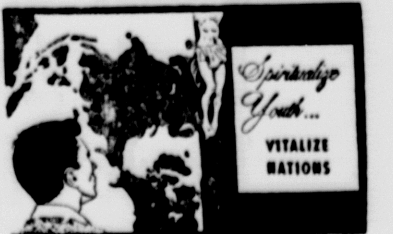

Another impressive feature is the spillover panel. If you ever have had the back wash of a wake roll up behind your boat following a sudden stop, you already know

the value of the spillover panel. It runs that slosh - over right back into the lake - where it belongs - helps keep the boat dry - and has a very definite safety angle.

Also we were pleased to see so many high transom models. Evidently that too is a coming thing. Very definitely it is another safety feature.

Don't see how a person can resist the boating urge once he sees one of these classy rigs.

And isn't it wonderful that the small towns of Texas can share in the excitement of making these pleasures possible?

Local Hogs Score At Fair

**By J. D. Moore
County Agent**

The Tittsworth Brothers made a good showing with their Yorkshire hogs at the Dallas Fair, showing in the breeders show.

Their Get of sire consisting of four animals either sex, the get of one boar, placed 3rd. In the produce of dam class (consists of 4 animals the produce of one sow) their entry placed third. Their senior spring boar pig placed fourth and their gilts placed 5th and 6th. Some of the better Yorkshire hogs in the U. S. were at the show. State Fairs are educational for livestock men because most of the livestock body - type patterns are set at these State Fairs.

Dr. Robert M. and Cornelius in selecting their breeding swine and showing at the State Fair indicated that they are making progress with their program.

They attended the Oklahoma Yorkshire Breeders Sale at Tishomingo, Okla last Saturday for the purpose of adding outstanding animals to their herd.

Others attending the State Fair last week to observe the swine show were Mr. and Mrs. Henry Richter and Mr. Love of the Cameron area, Henry W. Abel, Sharp community and J. D. Moore, county agent.

SOIL TESTS PAYS
Gene Whitaker, truck farmer in

the Hoyte community, is harvesting a good crop of sweet potatoes. Gene had a soil test run on the soil before planting the crop.

Where he followed the fertilizer recommendation of the soil test, his yield was over 100 bu per acre, almost double the yield on field that were fertilized the "Hoyte" way.

ARMY WORMS

So far, no reports have been received of army worm damage of fall sown oats. However, farmers and stockmen are alerted to be on the lookout for damage. At first young worms skeletonize leaves. This type of feeding causes "whitish" patches to appear.

Due to regulations of the Pure Food and Drug Administration, we are limited as to the insecticides that can be recommended on small grains that will be grazed by dairy ed for slaughter.

If control measures are needed, the following insecticides may be used as a spray: 1) Heptachlor (2 lbs. per gal.) - 1 1/2 to 2 quarts per acre. Remove all animals from treated area for 15 days. (Due to increased dosage, it is necessary to wait 15 days before grazing.) 2) Toxaphene (6 lbs per gal.) - 1 1/2 to 2 quarts per acre. Do not allow dairy animals or animals being finished for slaughter to graze treated fields. Remove cattle from treated area for 15 days after insecticide application. 3) Parathion (2 lbs. per gal.) - 1 1/2 to 2 pint per acre. Remove all animals from treated area for 15 days.

PESTS INFESTING LAWNS

Diazinon has been approved for the control of fleas and chiggers infesting lawns and other outdoor areas. There are other insecticides which are recommended to control Fleas, Ticks, and chiggers infesting lawns (Refer to L-311, Texas Guide for Controlling Household Insects.)

Diazinon will also control Brown Dog ticks resistant to chlorinated hydrocarbon insecticides.

This material can be purchased in a 25 per cent wettable powder or in a 25 per cent emulsion concentrate form. In applying the material to control these pests, use 2 quarts of the emulsion concentrate per 25 gal of water and apply at the rate of 1 gal on spray per 1,000 sq. ft. of infested area. For smaller amounts, use 2 1/2 fluid oz (5 tablespoons) of the emulsion concentrate to one gallon of water. The 25 per cent wettable powder may be used at the rate of 4 lbs to 25 gal of water.

In controlling brown dog ticks, only spray the area of the lawn where the dog frequents.

4 - H Club Notes

**4-H Club Entries
Set For Showing
At Houston In '60**

Three 4-H Club members and one alternate have been entered in the 1960 Houston Fat Stock Show Beef and Dairy Scrambles on Saturday February 27.

Roy Dean Tomasek, Ad Hall 4-H, and Douglas McFarland, County Wide 4-H, will enter the Dairy Scramble, Saturday night, February 27.

Charles Yount, Thorndale Senior 4-H, will enter the Beef Scramble Saturday afternoon, February 27. Wayne Moraw will serve as alternate in the Beef Scramble.

Each of these 4-H members are active leaders in their club activities and are interested in working on their 4-H records.

Ronald Kostroun, Marek 4 - H caught a calf in the 1959 scramble and will show his registered Gurnsey in the 1960 Houston Show.

Ronald is doing a good job in training her for the show. She is grazing on temporary pasture and getting a grain and protein supplement to develop her properly. He has learned that the work before the show is what makes a top show animal.

Nan McClaren, Marlow community, won top money in the Heavy Shorthorn Steer class at the Heart O' Teras Fair in Waco.

Milano 4-H Girls Hold Meeting

The 4-H meeting for the month of October was held at the Milano School building Tuesday by the Milano Senior Girls 4 - H Club. The opening ritual was said by the club members, the president then turned the meeting over to Miss Frances Hembree. She issued pamphlets on good eating and showed some pictures of the different ways each nutrient affects a person.

Other business discussed was the float and achievement records.

HERE'S WHAT MAKES the CORVAIR REVOLUTIONARY

Short and sweet! Engine's in the rear—where it belongs in a compact car. With more weight on rear wheels, you get extra road-gripping traction for cornering and driving on ice, mud or snow. Also, by avoiding nose heaviness of front engine compact cars, Corvair handles easier, brakes better, rides smoother. Styling of both 4 door models is clean and uncluttered... as fresh and functional as modern architecture.

Unpack Power Team

Engine, transmission and drive gears are neatly wrapped in one lightweight package. Takes less space, leaves you more.

UNCLUTTERED BODY BY FISHER

Body and frame are combined into a single rigidly constructed unit that reduces Corvair's weight, enlarges its passenger space.

Practically FLAT FLOOR

Corvair is America's only compact car with a virtually flat floor that gives you full 6-passenger comfort. For extra space, folding rear seat conveniently makes room for 17.5 cu. ft. of cargo.

TRUNK'S UP FRONT

Lots of luggage space under the hood, where it's convenient for groceries, packages.

NEARLY 3 FEET SHORTER

Corvair's almost 5 inches lower, 1,300 pounds lighter, too. Its compact size makes it a joy to jockey through traffic, a pleasure to park. No need for power assists.

AIR COOLED

You never have to fuss with antifreeze. Turbo-Air 6 warms up quicker, with less wear on parts. Air-plane-type heater* goes to work almost instantly.

*Optional at extra cost.

4-Wheel Independent Suspension

Springs at each wheel cushion bumps independently of each other for a ride that rivals much costlier cars.

Revolutionary Rear Engine

works small miracles with mileage. It's the world's first production 6 with the ultra-smooth power of horizontally opposed pistons.

...and the most practical thing of all is Corvair's

A Cleaner City...

The recent fall clean-up campaign produced proof that the past two city-wide efforts are showing general improvement of Cameron's appearance.

City officials report that several hundred loads of debris, tree limbs and other trash have been collected by workmen. In the spring campaign upwards of 700 loads were hauled away.

With about 1,100 loads of junk and unsightly stuff in the dump ground rather than around the streets and homes of Cameron, it is a much cleaner town.

Our civic pride, renewed by the success of these efforts, should keep it that way.

And our good sense should follow up with participation in the rat extermination drive of the Cameron Chamber. A second rat drive will make civic clean-up more of a complete program.

In looking for places possibly conducive to rat infestation, we might find some areas overlooked in the first campaign.

Let's continue the good work, Cameron.

You Can Help...

A word in support of the United Fund shouldn't be necessary, but comes to mind anyhow.

The North Milam Fund is on a due-or-die mission this year, seeking \$10,700 for seven agencies, practically all of which serve specific needs in North Milam County.

If we do not make the goal, it is possible that some of the agencies will go out on their own drives in years to come. Then we would see a plethora of individual drives reminiscent of an almost weekly charge of the light brigade.

This area's support of a united fund program will serve many causes at one sitting, so to speak. But the quota must be met if the participating agencies can draw the minimum support to maintain its services in North Milam County.

The requirements of these agencies — Salvation Army, Red Cross, Boy Scouts, Girl Scouts, Milam Charities, Library fund, Heart fund — have been screened for absolute need. And a \$10,700 goal is realistic for an area with about 11,000 — 12,000 people in it.

The North Milam United Fund needs your support today. You may need the help of one of its agencies tomorrow.

Texas Shares 'Smog' Problems

By Vern Sanford

AUSTIN — Though it hasn't any Los Angeles-type smog or London "pea soups," Texas, in common with most of the civilized world, has "dirty air" problems.

Industrial smoke, automobile exhaust, incinerators — even small town cotton gins — are among the factors that pollute Texas air.

State Health Department is using the approach of Cleaner Air Week, October 25 - 31, to remind Texans of the importance of the air they breathe. During one day, says the Department's October bulletin, a person must breathe 30 to 35 pounds — or a whole roomful — of fresh air.

Texas by no means has the problems of cities like London where in 1952 several thousands died during a period of excessive air pollution. But, says the Department, "the problem is already present and growing in areas where no action is being taken."

Every citizen can help, says the Bulletin. Improper heating appliances in homes give off tons of uncombusted material and burning of leaves and trash in the backyard adds irritating agents to the air.

If you are especially interested in the problem, the Bulletin suggests you contact your local health department which will advise you where the air pollution abatement group in your area meets.

HOW MUCH TIDELANDS?

Texans now await a decision by the U. S. Supreme Court on how much of its tidelands the state owns.

U. S. attorney general claims the state owns a strip only three miles out from the coast. Texas officials say it is three leagues, or 10 1/2 miles.

That Texas owns some tidelands was established by a 1953 act of Congress giving states control of their submerged lands to their "historic boundaries."

Gov. Price Daniel and Texas Atty. Gen. Will Wilson argued before the high court that a historic boundary of three leagues had been established in the days of the Texas Republic and was agreed to by the U. S.

Opposing federal argument is that the U. S. has insisted on a three mile limit for all countries for many years as a matter of "national policy."

Texas' oil-bearing tidelands, particularly those further out, are believed to be worth many millions in revenue for the state public school fund.

STRAWNS IN THE WIND

Indications keep piling up that a special Legislative session to raise teachers pay and a third-term race by Governor Daniel are strong possibilities.

Letters favoring the teacher pay session are greatly increasing, according to the governor's office.

A representative of the Texas State Teachers Association said teachers are not "cooling off" in their drive and are not planning to wait until 1961. Several union labor groups have endorsed teacher raises and offered to help in the drive.

A recent State Democratic Executive Committee newsletter notes Daniel's popularity in polls and quoted him as planning "to keep the door open."

Which probably means the governor will keep the political pot in simmering suspense until very near the Feb. 1 filing deadline.

FIRST WATER LOAN

Texas Water Development Board has made its first loan under the \$2000,000,000 program passed by the Legislature in 1957.

Lower Nueces River Water Supply District received \$3,000,000 which will be used to complete the \$21,000,000 Wesley Seale Dam.

Under the program, the Development Board sells bonds and loans money to local governments to pay part of the cost of water conservation projects. Program is self-liquidating. Board is presently paying 3.56 per cent interest on the bonds and charging 4.06 per cent on loans.

White River Municipal Water District in West Texas is expected to receive the next loan. It is seeking aid for a \$4,000,000 project to supply water to Crosbyton, Post, Ralls and Spur.

Cameron AF Unit Begins Classes

Capt. Albert Timmerman of Rockdale, commander of the Air Force Reserve Flight in Cameron, has announced the beginning of the fall series of classes.

Former members of the Air Force who live in the Cameron area make up this unit which is attached to the 9822nd Air Reserve Squadron with headquarters in Temple.

Capt. Timmerman also instructs this class in a General Administration Course prepared by the Air Force for both Airmen and officers.

Members of this unit include: Lt. Col David Shapiro, Major Roy M. Wright, Capt Thomas M. Epley, Capt. Dennis J. Kubecka, Capt. Ervin L. Wied, Capt Howard P. Tumlinson, Capt Robert Tulinson, T - Sgt Robert W. Mann, M-Sgt Lee Ogea, M-Sgt James Wilkinson, T-Sgt. James T. Price and Sgt. Don G. Johnson.

Any former members of the Air Force may also be eligible for assignment to this unit. Contact Capt. Timmerman or Maj Roy Wright, or when in Temple, visit squadron Headquarters on the 8th floor of the First National Bank Building.

Belton Aerials Keynote Yoe's 7th Loss, 45-13

Inman - Morgan Combination Brings Early Big Red Scores

The Belton Tigers launched a passing game against the Cameron Yoemen Friday night, topping them 45-13.

Big Red, led by the arm of Junior quarterback Gene Morgan and the pass receiving of All-State candidate Richard Inman took the Yoemen abreast scoring 12 points in the first quarter.

The first TD climaxed a 3-play 48-yard plunge from Belton's own 42. Dean Cox, 145-pound sophomore fullback, broke away from all Yoe defenders for a 55-yard run to paydirt. Willie Garner's kick for the extra point failed.

Cameron started for paydirt following the drive but was stopped short on a fumble recovered by the Tigers on their own 31. They drove back 70 yards, featuring a 19-yard lateral from Morgan to Right Halfback Richard Stark for the touchdown play. Garner's kick missed again.

The second quarter marked the scoring of one touchdown by Belton.

Inman Scores

The first touchdown pass from Morgan to Inman took place, Inman receiving the ball on the goal from 10 yards out. The kick for the extra point by Garner was good this time making the score 19-0. It stayed that way until the second half of play began.

The halftime statistics were in favor of Belton almost all the way. Big Red completed 6 out of

9 passes the first 2 quarters, picking up 62 yards in the air.

Cox led the ground gainers the first half, garnering 110 yards and averaging about 7.8 yards a carry in 14 tries. Hargrove had 31 and Stark 19. For Cameron Bayer picked up 23, Lierman 16, and McQueen 4 yards.

The only Cameron strong point was their punts, averaging 38 yards a boot. Fikes kicked 3 times and Bayer once for 147 yards.

The second half of play got under way after fans witnessed the performance of the schools' bands. Belton gave one of the snappiest performances seen this year. Each band was 100 member strong.

Cameron took a leadership urge early in the third quarter after recovering a Tiger fumble on the Belton 15. McQueen recovered.

Fikes Tallies

The ball was moved in to the 4 when Carroll Fikes went over the pileup to scratch out 6 points. Ernest Bayer attempted the extra point kick and missed. The score now stood at 19-6.

Big Red returned the following kickoff to their own 45 where an 18 yard pass from Morgan to Inman and a 36 yard pass from Morgan to Stark placed the pigskin on the 4 yardline. Dean Cox ran the ball over for the touchdown.

Cameron carried the ball to the 55 where disaster struck them 2 plays later. Belton took over, missed with a pass. Then the ball went

Interest Rate Up On US Savings Bonds

Never before have United States Savings Bonds been so attractive to investors and small savers alike, Henry Siebman, chairman of the Milam County Savings Bonds Committee, said today in commenting on the one-half per cent increase in interest rates on old and new Series E and H Savings Bonds.

Forty million people automatically benefit from the recent legislation passed by Congress," Siebman said, "because that many hold outstanding bonds in the amount of \$42.6 billion. For the first time, the hike in rates applies to old series E and H Savings Bonds, as well as those being bought currently. So, it will be to the advantage of most bond owners to hold onto their old bonds, thus automatically receiving the benefit of the increase."

The new law does two things: (1) it provides that all Savings Bonds bought on and after June 1 draw 3 1/2 per cent interest when held to maturity, and (2) it increases by at least one-half of one per cent the interest return on all outstanding E and H bonds, regardless of their age, for the period from June 1, 1959, to their maturity. In addition, the Treasury has promised a 10-year extension privilege for all E bonds, both old and new.

Yoe Takes On Black Panthers

The Yoemen will take on an old rival Friday night at Yoe field when Rosebud comes to Cameron for the second district game for both teams.

Cameron lost their first district game to a strong Belton team 45 to 13. The Yoemen showed a lot of hustle in the game. Belton is rated near the top in the state.

Rosebud has a 4-3 season and has scored more points than any team in the district. Last week they defeated Rogers 44 to 14.

When two old rivals like this meet past records mean very little. Can the Yoemen do it? Come out and see.

Cynthia McLeland Weds T. M. Terry

In an impressive candlelight ceremony in the First Christian Church in Modesto, California, at eight o'clock in the evening on Saturday, August 22, Miss Cynthia Marie McLeland became the bride of Terry Milton Terry.

The bride is the daughter of Mr. and Mrs. Leonard E. McLeland of 1116 LaLoma, Modesto, California, and the bridegroom's parents are Mr. and Mrs. Chalmers E. Terry of Caldwell, Texas.

The Rev. Charles Spencer performed the ceremony. The nuptial wedding music was furnished by Mrs. Paul Bert and Mr. Robert Wing.

The bride given in marriage by her father, wore a bridal gown of French sequins and pearl trim, and tight, fitted bodice with calla lily sleeves. The full flowing skirt fell into a chapel train. The lace was an imported French pattern.

Her fingertip veil of French illusion veiling was attached to a crown of pearl and French imported iridescent beading. She carried a white prayer book topped with an arrangement of forget-me-nots and stephanotis, centered with white roses.

The matron of honor was Mrs. Donald Metzger of Stockton, California, and the bridesmaids were Miss Janet Dowler of Modesto and Miss Lesley Luther of Sacramento.

Attending the bridegroom as best man was Mr. Frank Stambach of Los Banos, California. Mr. Dennis McLeland of Modesto, uncle of the bride, Mr. Rudolph Cox of Sacramento and Mr. Tad Matsumoto of Lodi, California served as ushers.

The flower girl was Miss Robin Luther and Ring bearer was Kevin McLeland.

Following the wedding a reception was held at the Burbank Paradise Hall.

Members of the Reception Party were Misses Joyce Lacque, Toni Lacque Mrs. Dennis McLeland, Mrs. Frank Stambach, Mrs. Clarence Davis, Miss Marilyn Paine and Miss Carolyn Tinsley.

The bridegroom is a graduate of Caldwell High School and attended the University of Texas and Colorado Agricultural and Mechanical College. They will make their home in Fair Oaks, California.

Last Rites Held For Mrs. Miller

Mrs. Conn Miller 71, died at her home in Cameron October 11. She was born in Greenville, Texas October 7, 1888. Mrs. Miller has lived in Cameron for the past 43 years.

Funeral services were held at the First Baptist Church Tuesday, October 13, at 2 p. m. Rev. Aubrey Russell officiating. Burial was in Hillcrest Cemetery, Temple.

Survivors include one son, Cyrus Miller of Austin. One sister, Mrs. H. A. Thamer of Ft. Worth and two grandchildren.

Pallbearers were Don Humble, Alvin Nolte, Ray Burke, Earl Curtis, Grady Cooper, Max Howard, F. H. Scarborough and Make McDermott.

Marck - Burns was in charge of arrangements.

Sammy Dell Markham and her room mate from Corpus Christi spent the weekend with her mother Mrs. Florence Markham and grandmother Mrs. Matti Houston.

MRS. ROBERT W. HOERMAN

Miss Plasek Weds R. Hoerman, Oct. 17

Miss Dorothy Jane Plasek, daughter of Mr. and Mrs. Frank Plasek of Cameron became the bride of Robert Walter Hoermann, son of Mr. and Mrs. Albert Hoermann of Seguin, Saturday afternoon, October 17, 1959 at 2 p. m. in the Hope Lutheran Church in Buckholts.

The Rev. John Pietsch of Buckholts officiated at the double ring ceremony performed before an altar banked with two baskets containing fan - shaped arrangements of white chrysanthemums and green palm leaves.

Mrs. John Pietsch furnished the traditional wedding music.

The bride, given in marriage by her father, wore a street length dress of white brocaded taffeta fashioned with a bateau neckline. The fitted bodice featured a satin sash which criss - crossed in front and formed streamers in back of the dress. White satin shoes completed the costume. Her finger tip veil of French illusion fell from a latticework cap of sequins. She carried a cascading bouquet of white carnations centered with an orchid orchid.

Miss Doris Jeanette Plasek, sister of the bride, was the maid of honor. She wore a orchid pink brocaded taffeta street length dress fashioned with cap sleeves. She wore a half - hat of matching orchid pink brocaded taffeta, and

carried a cascading bouquet of pink carnations.

Le Roy Hoermann of Gatesville, brother of the groom, served as best man, and the ushers were Harvey Hoermann of Goliad, brother of the groom, and Rudolph, Tyroch, uncle of the bride from Baytown.

For her daughter's wedding the mother of the bride chose a navy blue suit with navy and pink accessories and a pink feathered carnation corsage. The bridegroom's mother wore a navy blue dress with navy and pink accessories and a pink feathered carnation corsage.

Following the wedding, a reception was held in the Educational Building of the church. The bride and bridegroom, their parents, the maid of honor and bestman greeted the guests.

Miss Barbara Bejl of Rosebud presided at the bride's guest book. Wedding gifts were displayed on tables at one end of the educational building.

A wedding dinner was served to the wedding party and all the guests. The bride's table was lain with a crushed white linen cloth and held the three tiered wedding cake iced in white and embossed with white fly - of - the - valley and faint pink rosebuds, and topped with a miniature bride and groom. The bouquets of the bride
